ASBHY VA

FRONTEND DEVELOPER

Tamil Nadu, India | +91 84893 23863 | asbhyva317@gmail.com |LinkedIn

PROFESSIONAL SUMMARY

Frontend developer and 2024 Electronics and Communication Engineering graduate with hands-on practice building responsive website templates and React.js pages. Familiar with HTML5, CSS3, JavaScript (ES6+), Bootstrap, Tailwind CSS, React components, and React Router. Currently pursuing Python Full Stack Development and eager to contribute to user-friendly web interfaces while strengthening skills in API integration, testing, and modern frontend workflows.

TECHNICAL SKILLS

Languages: JavaScript, Python
Frontend: HTML5, CSS3, React.js, Redux, Material UI (MUI), Bootstrap, Tailwind CSS
Development: Responsive Web Design, React Router, API Integration, Reusable React Components
Backend Learning: Python Full Stack Development (in progress)

PROJECTS & HANDS-ON PRACTICE

React Shopping Cart & Shop Pages

- Built shop and cart pages using React.js as part of hands-on course practice.
- Used React Router to navigate between pages and organized the interface into reusable React components.
- Implemented add/remove product interactions and displayed selected products on the cart page using React Context API.

Responsive Website Templates

- Created responsive website templates for course assignments and frontend practice using HTML, CSS, JavaScript, Bootstrap, React, and Tailwind CSS.
- Focused on page structure, reusable UI sections, and adapting layouts for different screen sizes.

EDUCATION

B.E. in Electronics and Communication Engineering — Amrita College of Engineering and Technology, Erachakulam
2024 Graduate | CGPA: 8.25/10

CERTIFICATE COURSE

Python Full Stack Development — JCLICK SOLUTIONS

- Currently pursuing Python Full Stack Development. Completed the Front-End Development module covering HTML, CSS, JavaScript, Bootstrap, React.js, and Tailwind CSS. Currently progressing through the remaining full-stack curriculum.

CAREER OBJECTIVE

To start my career as a Junior Frontend Developer, contribute to building responsive and accessible user interfaces, and grow through hands-on collaboration while expanding my knowledge of frontend technologies and full-stack development.
